

BETTER TO CHAT

Break the ice. Have a giggle. Find out about your best friend or work buddy (or even your mum) by reviving the Art of Conversation. Here's a Bendigo-born card game that's jolly good fun. It poses questions ... and you'll love hearing the answers. Do you have a sure-fire cure for hiccups? What's the most important thing in life? The tallest building you've ever been up? Do you believe in miracles? It's all in the cards, and the games have versions such as Travel, Children's and Literary (for the avid book-wormers). Ideal for family gatherings, workplace fun, students, that long trip and book clubs ... and speaking of books, what's your definition of a short story? Oops, I think I've just started another conversation.
